

Christmas Eve party

Our Polish school tradition is Christmas Eve meetings. For many years, in the last week before Christmas, we used to meet at a common table to celebrate Christmas together. We invited guests from different countries, volunteers from Europe and other countries to our meetings. Last year, the pandemic kept us from meeting, we all had a lockdown. This time, although in a small group, we managed to meet and, together with Maria Milan and Laura, share a wafer, sing Christmas carols, give some Christmas presents and taste Christmas dishes. Our volunteers prepared presentations for us and told us about Christmas customs in their countries. It was very tasty and joyful time 😊
