Trip to **The Museum of Illusions**

Dzień dobry!

Today Pani Dorota, Fabian, Kalina, Gabrysia and me (María, wolontariuszka) went to the Museum of Illusions (Muzeum Iluzji), which is located in Wrocław , Staromłyńska 4.

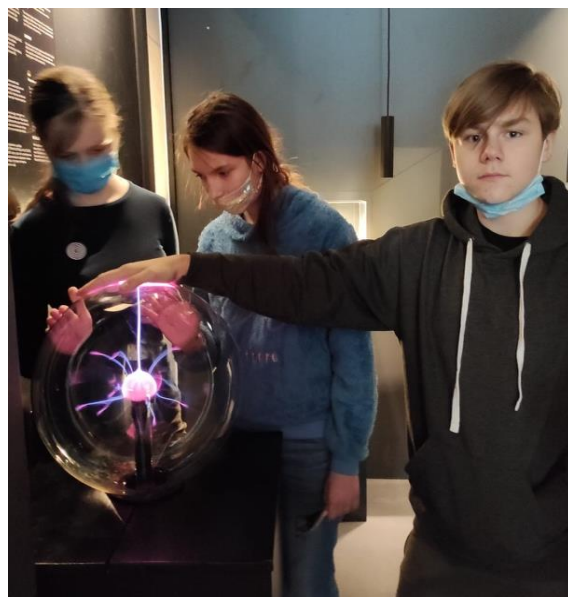

We took the bus together at around 9 o'clock and it was very cold! But we were very excited about the trip so we didn't care.

When we arrived there were more children, but we were the only 5 so we spent all the time together and it was really nice because we took many pictures!

For example, look at Fabian, Kalina and Gabrysia! And also Pani Dorota, but wait... how many Pani Dorotas can you count in that picture?

It was great to see how our mind appreciate some things, it always depends on the perspective!

And what about the colors?

We found some spots with some pictures like this one, they looked very realistic!

As you can see, we did many things, we enjoyed a lot and... we were a little bit hungry, so... guess what! Pizza time! It was really fun and I hope we can do more trips like this

😊

María.
