

Christmas report

On December 17th I flew home. It was great to be back and be with my family and friends. The weather was really good so I had the chance to do some cool activities, like swimming, hiking etc. I also spent some time with my grandmother, we baked some Christmas cakes and food for the Christmas Eve.

On 24th we gathered the whole family and we had a dinner with traditional foods like octopus, cod and lamb with potatoes. For dessert we had tiramisu, apple cake, chocolate pie, limon pie and a traditional Christmas cake.

Before midnight we played family games, it was really funny and we had such a good time. After midnight we opened the presents.

On 25th we had a Christmas lunch we the leftovers from the Christmas eve and we decided to go for a family walk to enjoy the really good weather.
